- 2014–15 Smarter Balanced Paper-Pencil Decision Tree

CAASPP Paper-Pencil Ordering

- Test Operations and Management System (TOMS) will be used to order CST, CMA, CAPA, and STS tests.

- Ordering paper-pencil Smarter Balanced tests will require the district superintendent to submit a request for paper-pencil testing, indicating need due to technical barriers.

2014–15 Smarter Balanced Paper-Pencil Decision Tree

LEAs responds to technology questionnaire (paper and pencil test) via ETS Formstack Web Interface

Request is forwarded by ETS to ADAD and EDMD for review

EDMD reviews requests for paper pencil test related to technology

ADAD reviews Braille requests

ADAD sends LEA a letter detailing ordering process

A. Insufficient Internet network bandwidth

B. Insufficient network capabilities (e.g., wireless access points) within the school facility

EDMD reviews the Broadband Infrastructure Improvement Grant (BIIG) School Site Eligibility List (SSEL) to determine whether the LEA appears on the list and whether the validation has occurred

Depending on the outcome of the validation, the school is notified whether the request is approved

C. Insufficient facilities (e.g., number of labs/classrooms, electrical power, etc.)

D. Insufficient number of computing devices for students and/or test proctors

Refer to CalTAC for virtual site visit/assistance

If the school is not on the SSEL, contact the LEA to inform them of BIIG
